City of Fond du Lac - Weekly Construction Update

The City of Fond du Lac is providing a weekly update on construction projects located within the corporate boundary. Motorists are advised to use caution and remain alert when driving through any work zone. Drivers are also encouraged to visit the City of Fond du Lac web site at <http://www.fdl.wi.gov> and view a map of the 2012 construction projects which may aid drivers in planning an alternate route.

Chip Sealing of City Streets in the following locations

- **21st Street** from Main Street to Park Avenue
- **Arndt Street** from Seymour Street to Peters Avenue
- **Mequon Avenue** from Maona Avenue to CTH V
- **Morningside Drive** from 4th Street to McDermott Creek, 1600 feet west of Prairie Road
- **Security Drive** from Pioneer Road to Peters Avenue
- **Scott Street** from Roosevelt Street to Luco Road/National Avenue
- **Western Avenue** from Seymour Avenue to 781 Western Ave

Schedule: July 30 to August 3, chip seal work is planned to be completed in one day next week however the exact date is weather and Contractor dependent. Notices will be delivered to adjacent properties before work proceeds.

Description: The chip sealing process involves applying a thin layer of hot, liquid asphalt binder on the entire asphalt roadway and then covering the liquid asphalt with a layer of small stone chips. Chip sealing fills small cracks, covers minor road deterioration and extends the life of the roadway. This process is also more cost effective and delays the need for complete road reconstruction.

Traffic Impacts: Parking **will not be allowed** on the street during the times of street cleaning and chip sealing and temporary "No Parking Signs" will be placed along the roadway. The street will also be closed to traffic for a couple of hours during the placement of the asphalt binder and stone chips.

Ninth Street from Military Road to Fond du Lac River

Schedule: April 9, 2012 to early August 2012

Description: The project includes reconstruction of the sanitary sewer, water main, storm sewer, street, and lighting.

July 30 to August 3: The concrete subcontractor will continue replacement of concrete driveway aprons, sidewalk panels, curb ramps and selected curb and gutter sections. The electrical subcontractor will complete installation of light poles. The landscaping subcontractor will begin terrace restoration.

Traffic Impacts: Ninth Street is closed to through traffic. Morris Street at Ninth Street is closed to all traffic. Northbound or southbound traffic will not be permitted in or out of the project at the Morris Street and Ninth Street intersection. It is illegal to drive past a "ROAD CLOSED" sign or to move any construction barricades. Residents, business owners, and customers may access properties past "ROAD CLOSED – LOCAL TRAFFIC ONLY" signs. Parking is not permitted on the street during working hours.

Morris Street from Ninth Street to Central Avenue

Schedule: April 9, 2012 to early August 2012

Description: The project includes reconstruction of the water main, storm sewer and street.

July 30 to August 3: The concrete subcontractor will continue replacement of concrete driveway aprons, sidewalk panels, curb ramps and selected curb and gutter sections. The electrical subcontractor will complete installation of light poles. The landscaping subcontractor will begin terrace restoration.

Traffic Impacts: Morris Street at Ninth Street is closed to all traffic. Northbound or southbound traffic will not be permitted onto Ninth Street at the Morris Street intersection. It is illegal to drive past a "ROAD CLOSED" sign or to move any construction barricades. Residents, business owners and customers may access properties past "ROAD CLOSED – LOCAL TRAFFIC ONLY" signs. Parking is not permitted on the street during working hours.

Ellis Street from Ninth Street to Boyd Street

Schedule: May 14, 2012 to early October 2012

Description: The project includes reconstruction of the sanitary sewer, water main, storm sewer, street, and lighting. The street will be widened to the 32-foot City standard.

July 30 to August 3: The electrical subcontractor will begin installation of light poles. The concrete subcontractor will begin replacement of concrete driveway aprons, sidewalk panels and curb ramps.

Traffic Impacts: Ellis Street is closed to through traffic. It is illegal to drive past a "ROAD CLOSED" sign or to move any construction barricades. Residents, business owners, and customers may access properties past "ROAD CLOSED – LOCAL TRAFFIC ONLY" signs. Parking is not permitted on the street during working hours.
